Join us for a night of beautiful music!

CLSD has created a Community Bond Advisory Committee (CBAC) of community members to develop a recommendation for bond projects. The committee will meet from January-December 2024 and will review the District's facility's needs, consider options for bond financing, develop a long-term plan for addressing capital improvement projects, and consider community feedback. The CBAC will create a draft recommendation in August 2024 that will then be circulated for community input. The CBAC will then review that feedback and make a final recommendation to the School Board in November-December 2024.
