## BUSINESS

- Superintendent Gardner reported after consultation with the district's attorney it was recommended that we have an appraisal of the Brownsville property done in order to meet property sales law concerning fair market value. Brian and Celeste are currently in conversation with two appraisal firms and hope to meet with them next week to narrow the scope of the appraisal. After this has been achieved they will be meeting with the lawyer to define the offer of sale document.
- Celeste Van Cleave reported the district would be submitting an application for a matching state grant for capital construction. If awarded, the district could take advantage of the state money by placing a new construction bond on the May 2016 Ballot.
