

Psychological Testing of Students

Psychological tests, will be administered by the district to students only by licensed psychologists employed for this purpose or by interns under their supervision. Adherence to this policy will ensure quality psychological services and will protect the educational rights, dignity, and privacy of students and parents.

Psychological evaluations will be made only after informed and written consent of the student's parent or surrogate is obtained, unless the student is of legal age to give his/her informed and written consent. Psychological data will be only one of several criteria for determining any change in a student's educational program.

To ensure confidentiality of psychological records, written parental consent is required prior to the release of psychological data. Parents will also be informed of their right to:

1. Inspect all psychological records pertaining to their student; and
2. A hearing to challenge the contents of their student's psychological records. Students 18 years of age and older will be extended all education records rights heretofore accorded to parents.
