

School Admissions

The Board is committed to providing an educational program for all students living in the district. The Board believes all students living in the district who have not completed 12 years of education should attend school regularly and be included in the available educational programs.

Special Education

Special education students shall be served from ages 0 - 21, unless the student has received a regular high school diploma.

Non Special Education

Students not in special education shall be served from ages 5 - 19 or may be served until age 21 if still working toward a diploma.

State law requires students to be age six on or before September 1 to enter first grade; and age five on or before September 1 to enter kindergarten.

All new students must register in the school office. Registration requirements include proof of the student's birth date (a birth certificate, a hospital record or a baptismal record) and immunization records as required by law. Students admitted to any grade must show evidence of completing the prior school years.

Students enrolled in the district shall comply with Oregon laws related to age, residence, health and immunization.

Students located in the district shall not be excluded from admission solely because the student does not have a fixed place of residence or solely because the student is not under the supervision of a parent.

Resident Students

School-age students who live within the district attendance area may attend school without paying tuition.

1. Residents over age 19 may be admitted with the approval of the superintendent and upon payment of tuition at the rate established by the Board. Students who turn 19 years of age during the school year shall continue to be eligible for a free and appropriate public education for the remainder of the school year.
2. The Superintendent may admit otherwise eligible students who are not receiving special education and who have not yet attained 21 years of age prior to the beginning of the current school year if

they are shown to be in need of additional education in order to receive a diploma. These students may attend school without paying tuition for the remainder of the school year.

3. The Board shall admit otherwise eligible students who have not yet attained age 21 prior to the beginning of the current school year, if the student is receiving special education services and:
 - a. Has not yet received a regular high school diploma; or
 - b. Has received a modified diploma, an extended diploma or an alternative certificate.

Students living in the district who have attained the age of majority are considered residents of the district.

Minor students living with parents who reside in the district are considered residents of the district.

Students who are wards of the court and who are placed in the district are residents of the district.

Final determination on any remaining questions of residency shall be made by the State Superintendent of Public Instruction.

Nonresident Students

Nonresident students may be admitted to attend Central Linn Schools with permission of the superintendent. A payment of tuition or request for State School Fund Moneys may be requested.
